

REMARKS

As noted above, this supplemental response is made to address two items and Applicant submits that entry of this supplement is proper:

- 1) to fix the labels of the status of claims (a correction of an informality);
- 2) to make an amendment to claim 9 (adoption of an Examiner suggestion and placement of application in condition for allowance); and
- 3) to make an amendment to the specification (to correct an error and to place the application in condition for allowance).

Claim Status Labels

In the response filed February 6, 2008, the Applicant incorrectly labeled all of the claims as "Currently Amended". Only claim 1 was amended in the Feb. 6 response. Other claims had been previously amended. Claim 9 is amended herein and is so designated herein; and herein all other claims are now listed as "Previously amended".

Claim 9

Claim 9 is amended herein to address the Examiner's objection to claim 9. The claim is amended to reflect the disclosure, for example, at page 4, lines 3-7 (as formatted in the substitute specification submitted Feb. 6, 2008) and as shown in FIGS. 3 and 4.

Specification

The specification is amended herein to correct a discrepancy.

CONCLUSION

All of the claims remaining in this application should now be seen to be in condition for allowance. The prompt issuance of a notice to that effect is solicited.

Respectfully submitted,
Dr. Kai Desinger
